

MINUTES OF ZOOM MEETING ON MONDAY 8 APRIL 2024

<u>Present:</u> Angela Ballard, John Ballard, Marcus Bennett, Jo Broadrick, John Cain,

Claire Coulter, James Coulter, Nick Dodds, Agata Majzel, Andrew Reekes, Martyn Wilkinson, Sue Vincent, Tom Parker – Parish Council Representative

Apologies: Jain Drinkwater

	<u>ACTION</u>
Minutes of Last Meeting – Agreed	
Treasurer's Report	
£20,000 has been withdrawn from the Investment Account in preparation for the payment of future bills. Lloyds have put this into a separate holding account	
Expenditure	
A further Invoice is due to be paid to MCBC	
2023 Accounts Audit	
 As previously mentioned, our 2023 Accounts have to be audited by a qualified Accountant due to the overall value of the income. These have to be prepared using the appropriate accounting HMRC Software and our Accountant has just received this software 	
 Once the Accounts are complete, the Trustees will sign them off, prior to them being posted on the Charity Commission website. They also have to be shared with a number of our grant providers who specifically asked to be acknowledged in the Accounts 	Trustees/JB
Build Updates	
The build is still progressing very well	
 The plastering is progressing and they are currently plastering the rooms at the rear 	
 We are still waiting for the two doors for the main hall and the meeting room as we have been sourcing suitable door locks. This has put the meeting room behind schedule 	
Kitchen/Splashbacks	
 The kitchen installation was started last week and is well underway. The base units and wall cupboards are installed and we are waiting for the stainless steel sink and worktop 	
 Quotes are being obtained for the splashbacks which will be cleaner and neater than tiling and less labour intensive. We plan to have a feature picture behind the cooker, with plain coloured splashbacks round the remainder of the worktops 	
Electrical/IT/AV	
First fix electrics are now complete	
 Discussions continue on the lighting and we hope to finalise this this week 	

 In ead at a cupoard opposite the meterular foom now contains the power consumer unit, circuit breakers, lighting control panel, H&V control panel, CCTV recorder, amplifier, data connections to the hall, broadband router, firewall and ethernet switches. There is still some space in the cupboard! Openreach Openreach have finally agreed to take action to solve the pole problem On Wednesday 10 April at 0900 hours they will bring a grabber lorry to hold the pole while the contractors dig around it to find a suitable path for the sewer. MBCB have already started to excavate close to the pipes to save time on Wednesday There is no guarantee that this will solve the problem but once the sewer is uncovered we will know if this will be a suitable solution Openreach have agreed to pay the contractors costs for all the excavations Churchfields have agreed that the lorry can be positioned on their road Fencing The fencing has now been completed at a very good price and Stan M has paid half towards this The "smart" side of the fence faces Stan's property and we have had additional boards placed on the village hall side at the front to make it look the same on both sides Garden Plan AM has emailed her proposed plan to everyone and has not received any negative comments She has now updated this with the correct plant names ready for Julian to submit to Stratford DC It has been suggested that we have railway sleepers to hold back the soil at the side of the path to the meeting room. Julian believes this is a good idea A discussion took place on using bark (which will need to be replaced every 2 years) v. gravel for the planted areas Bins	 Quarterly reports to grant funders are currently being prepared These will be completed once we have finalised MCBC's March invoice 	JB/AB/SV
unit, circuit breakers, lighting control panel, H&V control panel, CCTV recorder, amplifier, data connections to the hall, broadband router, firewall and ethernet switches. Stri		
J	ict Branding Guidelines	
•	AB has been through the very complicated branding guidelines for each grant as	
	each of the main funders has different requirements	
•	Certain logos have now been put on the website by AM in the interim and she will	AM
	totally revamp the fundraising page asap	
•	We are also required to display a plaque for the Government funding within 3	
	months of opening, containing the HM Government, Powered By Levelling Up and	
	Stratford DC logos in a certain order and also confirming details of the opening	TO DO
	ceremony	
•	We will still acknowledge these funders on the Supporters Board	
Mis	sses Barrie Charitable Trust	
•	At the beginning of April we received confirmation that we were successful with	
	this grant	
•	This was for £3,000 for digital costs. £3,000 is the maximum sum available for	
	each of their grants	
Ped	ople's Postcode Lottery	
•	We understand that we may be receiving some additional funding from PPL,	
	details to be confirmed	
Ado	ditional Funding	
•	Additional funding from the organisations mentioned above will be extremely	
	useful as we near the end of the project	
•	We are currently in touch with the contractor to get the up to date position on	
	their recent Variations Statement and plan to check it thoroughly this week	JB/SV/AB
<u>Pie</u>	rs' Visit	
•	Last Saturday Piers visited the hall. He was very impressed with everything and	
	conscious that he hadn't been able to contribute as much as he had originally	
	intended	
•	AM agreed to send her latest plan to him	
•	He also offered to help us to source plants and landscaping elements if required.	
	This will depend on the timeline as we know that MCBC are keen to start the	
	external landscaping asap	
•	Piers also came up with some good ideas for hiring the hall to different groups	
	which was very useful	
•	We also talked to him about the Official Opening Ceremony	
<u>Bro</u>	<u>padband</u>	
Bro	Broadband has now been brought into the building and we have started paying	
•	Broadband has now been brought into the building and we have started paying	
•	Broadband has now been brought into the building and we have started paying for the contract	
• We	Broadband has now been brought into the building and we have started paying for the contract <u>bsite</u>	
• We	Broadband has now been brought into the building and we have started paying for the contract bsite During the recent meeting on Branding it was agreed that various amendments	
• We	Broadband has now been brought into the building and we have started paying for the contract bsite During the recent meeting on Branding it was agreed that various amendments would be made to the website asap

• We	Broadband has now been brought into the building and we have started paying for the contract bsite During the recent meeting on Branding it was agreed that various amendments would be made to the website asap Certain items will be archived or amalgamated, an Events Page will be created and the booking system will go live as soon as the appropriate Policies are complete	

Website Migration	
• Migration has now taken place to our own local server and the website is back u	ıp
and running	
 MB is currently waiting to move the server to the hall 	
JB thanked MB for adopting this new system just prior to the old contract expirit	ng
This will save us £150 p.a. as we will now host our own website	
On Line Booking System	
No update since the last meeting	
 Work continues with the Policies which need to be complete prior to uploading 	Committee
 Once the building is complete, we will be able to upload up to date internal and external photographs 	AM
<u>Policies</u>	
 A meeting has taken place to discuss the H&S and Fire Policies with MW 	
 We need to further discuss these with ND when he is available 	AM/SV/ND
 A meeting has been scheduled with AM/MB to discuss the Wi-Fi text 	AM/SV/AM/MB
 Once the above are finalised we will meet to discuss the Hiring Policy further 	AM/SV/JoB/AR
We will then ask AM to link the appropriate policies to the on-line booking system	em AB/SV/AM
Any Other Business	
Hirers' Instructions	
 Once the contractors have handed over the building we need to work on Hirers' Instructions for using the hall 	Committee
Open Days	
 The Official Opening does not have to be done straight way. We will aim to have this in early July or early August 	Committee
• Partly due to the restricted parking, there will need to be a series of Open Days	for Committee
villagers, sponsors, former and future hirers/users and we need to start planning	g
these	
Social Event	
AB suggested that the Committee should meet for a drink at The Fish on Saturda	ay
13 April. This has since been changed to Saturday 20 April – meet at Orchard	20 April
Lawns first at 6 p.m.	Committee
Publicity	
We will need to contact Mark Cargill soon regarding editorial for the Stratford	
Herald/other media as the building is nearing completion	Committee
Andrew's Talk	
AR to provide us with dates for his talk	Done
Date and Time of Next Meeting	
 Monday 20 May 2024 at 7.15 p.m. 	Committee
