Andrew Reekes
Wixford Village Hall
The Stables
Church Lane
Wixford

Dear Andrew Reeves and Committee Members

It gives me great pleasure to write to you once again to offer my heartfelt congratulations on receiving a High Sheriff's Award. Your recognition was thoroughly well-deserved, and it was a privilege to honour you during the awards evening.

As a lasting keepsake, I have enclosed the citation that was shared on the night. I hope it serves as a reminder of the incredible contribution you have made to our community.

"The Wixford Village Hall Committee is the backbone of community life in Wixford. This dedicated group of people has worked tirelessly, not for recognition, but because they truly care about bringing the village together and ensuring that the village hall remains a hub for social, cultural, and educational activities.

From organizing events that unite locals to ensuring the hall is maintained and welcoming for everyone, the committee's passion and hard work have made Wixford a place where people feel connected. Whether it's hosting community meetings, birthday parties, or fundraising events, their commitment never falters.

What makes the committee special isn't just the work they do, but the genuine warmth and care they bring to everything they take on. Their efforts have transformed the village hall into a space where memories are made, friendships are formed, and the community thrives.

It is with great appreciation and respect to present the High Sheriff Award to the Wixford Village Hall Committee, for their unwavering commitment and their incredible contribution to making Wixford a better place for all."

Thank you once again for the remarkable difference you continue to make. I wish you every success in all that lies ahead.

With warmest regards
